WARNING!

- The handover and return of the machine takes place on the basis of a deviation, substitution to the place where I start by the lessee in the order.
- The rental period begins on the date of delivery of the device.
- Shortening the period of operation of the machine compared to the planned one will result in charging a higher rate, in accordance with the price list of short rentals.
- The Lessee is obliged to inform the Lessor in writing about the completion of the works, no later than on the last day of the lease. If the machine is not checked out during the estimated rental period, the rental is automatically extended
- The Lessee is obliged to inform the Lessor about the intention to use the machine during works that may result in contamination or damage to the machine, the removal of which will require restoration of the machine's varnish coat. The consequences of the Lessor's lack of consent, expressed in writing, under pain of nullity, are described in point 4 (a).
c) General Rental Conditions
- The Lessee is obliged to return the electric device charged and the diesel engine supplemented with at least the minimum amount of fuel. The diesel device for hire is delivered with a minimum amount of fuel. The costs of its maintenance during the rental period shall be borne by the Lessee
- The Lessee declares that he has read and accepted the general terms and conditions of the lease.
- The Lessee declares that he has read the technical specification of the ordered devices and is responsible for their selection
